

CONSENT FOR TREATMENT

The following are the conditions for services provided by the Greenville Hospital System (GHS) for the patient whose name appears above.

MEDICAL AND SURGICAL CONSENT: Physicians who are members of the Medical Staff who practice in GHS facilities may not be employees or agents of GHS; therefore, GHS is not responsible for any act or omission by a physician who is not an employee or agent of GHS. GHS is a medical teaching institution; therefore, medical students and residents may be involved in your care under the supervision of an attending physician. I/We consent to any x-ray examination, laboratory procedure, anesthesia, medical, surgical or services given the patient under the general and special instructions of the physician. If a health care worker comes in direct contact with a patient's blood or body fluids, I/We understand that the patient's blood may be tested for the hepatitis B virus, hepatitis C virus, or the HIV (human immunodeficiency virus) to determine whether or not the viruses are present, endangering the health care worker (in accordance with South Carolina State Statute title 44, chapter 29, section 44-29-230). The results of the testing will be made available to the patient.

ASSIGNMENT OF INSURANCE BENEFITS AND THIRD PARTY CLAIMS: If the account is not paid at time of discharge, I hereby assign to GHS any and all rights including proceeds from the following: TRICARE major medical benefits, PIP [personal injury protection], sick benefits, physician benefits [excluding any benefits payable to physicians who are not employees or agents of GHS], injury benefits, or any other health, accident or welfare benefits of any type or form relating to the patient, whether insured or self-funded, proceeds of any liability settlement or judgement being paid by or on behalf of a third party, or any other benefits due from the insurance policy. All amounts collected will be applied to the patient's account. I understand that I am responsible for any charges not covered by insurance, Medicare, Medicaid, or any other benefits. I hereby also assign to any physician any proceeds of the foregoing benefits being paid by or on behalf of a third party or due from any insurance policy for services provided at GHS [such as Radiologists, Pathologists, Emergency Department Physicians, and other private physicians.] In addition, I/We further warrant and represent that any insurance or any plan which we assign is valid insurance and in effect and that I/We have the right to make this assignment. In the event a claim for payment submitted by GHS to my insurance carrier or plan administrator is denied, I hereby authorize GHS to seek an administrative review of the disputed claim in accordance with the applicable provision[s] of my plan or policy, appeal or file a legal / equitable action. If my plan or policy is provided pursuant to the Federal Employees Health Benefits Act, 5 U.S.C. Section 8901 et seq., this review process will include, but is not limited to, a review by the Office of Personnel Management. In the event I am a participant/beneficiary of an employee welfare benefit plan governed by the Employee Retirement Income Security Act of 1974 ("ERISA"), 29 U.S.C. Section 1001 et seq., I designate GHS as my authorized representative and grant to GHS the authority to act on my behalf in pursuing and appealing a benefit determination under the plan. Such authority shall include the right to request and receive a copy of the plan description and/or summary plan description.

Steadman Hawkins Clinic of the Carolinas Orthopaedic Surgery and Sports Medicine Fellowship Program Disclosure Statement

During your visit today you may be examined by a physician who is participating in the Steadman Hawkins Clinic of the Carolinas Fellowship Program. We have both an Orthopaedic Sports Medicine Fellowship Program and a Nonoperative/Primary Care Sports Medicine Fellowship Program. The programs are accredited one year fellowships in which fully trained orthopaedic surgeons and primary care physicians are chosen from the top medical schools and residency programs across the country to do an additional year of study to focus on shoulder and knee reconstruction and sports medicine. Annually, a group of six physicians are chosen from over 100 applicants to participate in the Orthopaedic Surgery Fellowship Program and two physicians for the Primary Care Sports Medicine Fellowship.

In working with patients, the Fellows will introduce themselves and state that they will be working closely with the consulting doctor in your ongoing care. A plan of treatment is suggested by the Fellow and finalized by the supervising surgeon or physician. In the operating room the fellow will meet with the patient along with the consulting surgeon preoperatively, see patients after surgery with the consulting surgeon on rounds, and may participate in surgical procedures in the operating room.

A Fellow's role in surgery is under the direct supervision of one of our surgeons who is present at all cases. All patient interaction is done under close supervision of the Steadman Hawkins Clinic physicians. We are also part of the Greenville Hospital System Orthopaedic Residency Program. Residents are medical doctors in training to become orthopaedic surgeons. They may be involved in your care as well and will perform his/her role under supervision.

Having trained over 150 surgeons world wide, we are proud of our fellowship program. It is one of the best in the country and the only ACGME Accredited Orthopaedic Sports Medicine Fellowship in South Carolina. It is important for our patients and the community to know that this situation provides the best possible medical care for you with a large talented team involved in your care.

Please feel free to ask the Fellow or the consulting physician any questions you might have regarding the Steadman Hawkins Clinic of the Carolinas Fellowship Programs.
